To whom it may concern

RE: Pink Loerie Foundation Reference

We hope this letter finds you well.

We would like to confirm that we work and have worked with the Founders, John O'Neil and Johann van Niekerk for the past decade and have had many good stories to tell on various projects we have interacted with.

Their assistance of the elderly and children in the coastal towns in the Eastern Cape, Knysna and George, as well as the LGBTQia+ communities around the country is impeccable. Most notable in the City of Cape Town, Johannesburg, Knysna and Pretoria.

We would like to confirm that they have always over delivered to those they care about and have also delivered amazing pageants, events and shows which has greatly uplifted the image of the LGBTQia+ community.

If you have any questions please do not hesitate to contact me on my details below.

Regards,
Gilbert Martin
